

# **CHULMLEIGH ACADEMY TRUST**

## **HEALTH & SAFETY POLICY**

**Approved by Directors Summer Term 2024**

# HEALTH AND SAFETY POLICY

## SECTION 1: STATEMENT OF INTENT

The Directors of Chulmleigh academy Trust will strive to achieve the highest standards of health, safety and welfare consistent with their responsibilities under the *Health and Safety at Work etc Act 1974* and other statutory and common law duties.

This statement sets out how these duties will be conducted and includes a description of the academy's organisation and arrangements for dealing with different areas of risk. Section 2 will establish specific responsibilities at all levels of the academy's organisation. Section 3 will outline the specific arrangements put in place to manage these areas of risk and hence to meet the academy's obligations under the law.

This policy will be brought to the attention of all members of staff at induction stage and annually with a link in the staff handbook. A reference copy is kept in reception and access is available on staff resources

This policy statement and the accompanying organisation and arrangements will be reviewed annually by the board of directors

## **SECTION 2: ORGANISATION**

### **The Duties of the Employing Body**

- To produce and regularly review the Health & Safety Policy for the academy. This policy will reflect the requirements of the *Health and Safety at Work etc Act 1974* by outlining arrangements to ensure, so far as is reasonably practicable, the health, safety and wellbeing of staff, pupils and others affected by the organisation
- To monitor both compliance with, as well as the effectiveness of, this policy
- To provide adequate resources to meet the academy's legal responsibilities as well as compliance with this policy
- To assist the employing body in discharging its legal obligations, the academy has appointed the Health & Safety Service as its 'competent person' as defined by the Management of Health and Safety at Work Regulations 1999
- The specific arrangements adopted will be guided by the Health & Safety Service's Health & Safety Arrangements Notes for Academies.

### **The Duties of the Executive Headteacher**

The Executive Headteacher has day-to-day responsibility for health and safety management and will take all reasonable practicable steps to secure the health and safety of pupils, staff and others using the academy premises or participating in academy sponsored activities.

In particular, the Executive Headteacher will:

- Ensure that suitable and sufficient risk assessments of work activities are undertaken, that a written record of the significant findings of these assessments is kept and that these assessments are subject to regular review
- Co-operate with the Directors to ensure that this policy and its associated arrangements are implemented and complied with
- Communicate the policy and other appropriate health and safety information to all relevant people including contractors
- Report to the Directors on health and safety performance and to monitor both compliance with, as well as the effectiveness of, this policy
- Ensure that the premises, plant and equipment are maintained in a safe and serviceable condition
- Report to the Directors any significant risks or policy requirements which cannot be met within the establishment's budget
- Identify the training needs of pupils and staff and hence ensure that all pupils and staff are competent to carry out their roles and are provided with adequate information, instruction and training
- Ensure consultation arrangements are in place for staff and their trade union representatives
- Monitor purchasing and contracting procedures to ensure health and safety is included in specifications and contract conditions

- Receive reports from enforcement officers and advisory bodies and, where appropriate, take relevant actions to address issues raised
- Promote a positive health and safety culture by leading by example

Whilst overall responsibility for health and safety cannot be delegated the Executive Headteacher may choose to delegate certain tasks to the Health & Safety Coordinator.

The role of Health & Safety Coordinator for the Academy has been delegated to the Estates Manager. Within departments this task is further delegated to the Department lead or in the case of the Primary schools the Head of School.

### **The Duties of the Health and Safety Co-ordinator**

The health and safety co-ordinator has the delegated task of assisting the Executive Headteacher discharge their duties in relation to day-to-day health and safety management

To do this the health and safety co-ordinator will:

- co-ordinate and manage the risk assessment process for the academy
- co-ordinate general workplace monitoring inspections and performance monitoring processes and report findings to the Executive Headteacher
- coordinate records of external inspections and maintenance to plant or facilities and ensure that remedial actions identified are either addressed without delay or brought to the attention of the Executive Headteacher if funds are not available
- assist with the identification of training needs and training delivery across the academy to ensure that staff and pupils are adequately instructed
- collate accident and incident information and, when necessary, carry out accident and incident investigations
- arrange periodic health and safety audits and liaise with the Executive Headteacher and Directors in relation to findings and any associated remedial actions

### **The Duties of Heads of Departments/Supervisory Staff/Subject Leaders**

The Heads of Departments and Head of Schools have specific delegated tasks in relation to health & safety management within their departments/subject areas

They must ensure that:

- They apply the arrangements described in this health and safety policy to their own department or area of work, including the arrangements described in any associated guidance notes
- Staff under their control are aware of and follow any externally adopted health and safety guidance such as CLEAPSS, AfPE etc. Risk assessments are undertaken for the work areas for which they are responsible and that identified control measures are implemented
- They ensure that appropriate safe working procedures are brought to

- the attention of all staff under their control and are enforced effectively
- They take appropriate action on health, safety and welfare issues referred to them, informing the Estates Manager of any problems they are unable to resolve within the resources available to them
  - They carry out regular inspections of their areas of responsibility and report / record these inspections to the Estates Manager
  - They ensure the provision of sufficient information, instruction, training and supervision to enable staff and pupils to avoid hazards and contribute positively to their own health and safety
  - all accidents (including near misses) occurring within their area of responsibility are promptly reported to the Estates Manager and investigated

### **The Duties of all Members of Staff**

Under the *Health and Safety at work Act etc 1974* all employees have general health and safety responsibilities. All employees are obliged to take care of their own health and safety whilst at work along with that of others who may be affected by their actions. This also applies to volunteers who are under the control of the Academy.

Specifically, all employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work
- Comply with the academy's health and safety policy arrangements at all times
- Report all accidents and incidents in line with the reporting procedure
- Co-operate with school management on all matters relating to health and safety
- Not intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare
- Report all defects in the condition of premises or equipment and any health and safety concerns immediately to their line manager
- Ensure that they only use equipment or machinery that they are competent / have been trained to use
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons

### **Pupils**

Pupils, in accordance with their age and aptitude, are expected to:

- Exercise personal responsibility for the health and safety of themselves and others
- Observe standards of behaviour and dress consistent with safety and/or hygiene
- Observe all the health and safety rules of the academy and, in particular, the instructions of staff given in an emergency

- Not wilfully misuse, neglect or interfere with facilities or equipment provided for their and others' health and safety

### **Contractors**

All contractors who work on the academy premises are required to identify and control any risks arising from their activities and inform the Executive Headteacher of any risk that may affect the staff, pupils and visitors.

All contractors must be aware of this policy and the associated emergency procedures and comply with these requirements at all times.

In instances where the contractor creates hazardous conditions and refuses to eliminate them or take measures to make them safe, the Executive Headteacher will take such actions as are necessary to prevent staff, pupils and visitors being put at risk from injury.

### **SECTION 3: ARRANGEMENTS**

- Risk Assessment
- Accident/Incident Reporting
- Asbestos
- Communication & Training
- Consultation
- Contractors
- Curriculum Activities
- Display Screen Equipment
- Fire Safety
- First Aid
- Legionella
- Lettings
- Maintenance
- Medication
- Monitoring
- Moving and Handling
- Personal Safety and Security
- Radioactive Sources
- Radon
- Stress/Wellbeing
- Tree Safety
- Work Experience
- Work at Height

This is not exhaustive and other areas may apply - for example, the College operates its own kitchen

These arrangements may be guided by the Health & Safety Service's Arrangements Notes HSA01-60.

The specific arrangements adopted by the academy are guided by the Health & Safety Arrangements Notes provided by the Health & Safety Service. Details of these arrangements can therefore be found in the Arrangements Notes which can be accessed via the OSHENS system Document Library.

The Academy Trust also has a subscription to CLEAPSS via the Health & Safety Service. CLEAPSS guidance has been adopted to guide arrangements in Science, D&T and Art.

In addition the following publications have been adopted to guide arrangements for safety in specific curriculum areas:

- Safe Practice in Physical Education and School Sport' Association of Physical Education 'AfPE' <http://www.afpe.org.uk/>

## **Risk Assessment**

The underlying process which informs safety management is risk assessment. Assessments of significant risks will be made with those persons responsible for the activity/area affected and the significant findings of these decisions will be recorded in writing. This will be achieved Executive Headteacher by amending and adopting the model risk assessments provided by the Health & Safety Service.

Where model risk assessments do not address all the significant hazards of the academy, the RAA01 format will be used to record the significant findings of risk assessment decisions.

Risk assessments are available for all staff to view and are held centrally in the staff resources folder. Where ever possible, affected staff will be included in the risk assessment process. Staff and other affected parties will be briefed in the risk assessment findings.

Risk assessment records will be reviewed either annually or every 3 years depending upon the levels of risk. This will be identified on the RAA model risk assessments.

For full details relating to risk assessment arrangements, reference should be made to the HSA47 Arrangements Note.

*Other arrangements in alphabetical order:*

## **Accident/Incident Reporting**

All employee accidents must be reported to the Estates Manager. This will be achieved by entering specific accident details onto the OSHENS on-line accident reporting system.

Accidents to pupils and other non-employees should be recorded in the accident book Those accidents to pupils and members of the public which are work related, in that they have arisen out of a material defect or organisational failure, must also be reported to the Executive Headteacher by entering accident details onto the OSHENS on-line accident reporting system.

Parents / carers will be notified immediately of all major injuries.

Accidents will be monitored for trends and a report made to the Board of Directors termly.

The Executive Headteacher or Estates Manager will investigate accidents and take remedial steps to avoid similar instances recurring.

All accidents which fall within the scope of the Reporting of Diseases Injuries

and Dangerous Occurrence Regulations 2013 will be reported to the HSE via the OSHENS on-line accident reporting system. This will be undertaken by the Health & Safety Service.

For full details relating to accident reporting arrangements, reference should be made to the HSA01 Arrangements Note.

### **Asbestos**

The arrangements for the management of asbestos on the site are detailed in the Asbestos Management Plan (AMP). This is located in Reception and main SLT office

The Asbestos Register is held in The SLT office and will be made available to all staff and contractors prior to **any** work commencing on the fabric of the building or fixed equipment containing asbestos. No work can commence until permission to work has been given by the authorising manager named in the AMP.

The authorising manager shall ensure:

- The AMP is reviewed annually and that any changes are approved by the Executive Headteacher
- That the Asbestos Register is consulted at the earliest possible opportunity in the planning process and that **all** work on the fabric of the building or fixed equipment is approved via the completion of the ASB1(A) form
- A visual inspection of those asbestos containing materials remaining on site is conducted and recorded on the ASB2(A) form according to the frequencies identified in the AMP
- All changes to asbestos containing materials on site, whether due to removal works or accidental damage, will be recorded in the Register

All parties will ensure that any damage to materials known or suspected to contain asbestos should be reported to the Estates Manager at the earliest opportunity.

For full details relating to the management of asbestos, reference should be made to the HSA04 Arrangements Note as well as the Asbestos Management Plan.

### **Communication and Training**

Detailed guidance and information about health and safety issues can be found in the Health & Safety Service's Arrangements Notes which are located in the OSHENS Document Library. The Health & Safety Service also provide competent health and safety advice for Academy staff and can be contacted

on 01392 382027 or on [healthandsafety@devon.gov.uk](mailto:healthandsafety@devon.gov.uk)

The Health and Safety Law poster is displayed in the reception of each school

### *Health and Safety Training*

All employees will be provided with:

- induction training in the requirements of this policy
- updated training in response to any significant change
- training in specific skills needed for certain activities as identified by the relevant risk assessment
- refresher training where required

Training records will be kept by personnel, The Deputy Executive Headteacher is responsible for co-ordinating health and safety training needs. This includes a system for ensuring that refresher training is undertaken within the prescribed time limits.

Each member of staff is also responsible for drawing the relevant line manager's attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence. All employees shall undertake work tasks as instructed and trained.

For full details relating to staff training, reference should be made to the HSA55 Training Arrangements Note.

### **Consultation**

Members of staff with concerns should raise them initially with their departmental head or the Health & Safety Coordinator/ Estates Manager. If required, requests for external advice should then be sought from the Health & Safety Service for concerns of employees which cannot be resolved locally.

Staff should feel free to contact the appropriate trade union appointed Safety Representative. The Directors welcome the support of trade unions in health and safety matters.

For full details relating to staff consultation, reference should be made to the HSA08 Arrangements Note.

### **Contractors**

All contractors used by the school shall ensure compliance with relevant health and safety legislation, guidance and good practice.

All contractors must report to *reception* where they will be asked to sign the visitors' book and wear an identification badge. Contractors will be issued with guidance on fire procedures, local management arrangements and vehicle movement restrictions. Where necessary, contractors will also be

requested to sign to confirm that they have read and understood the Asbestos Register.

To ensure contractor competency, the Estates Manager will undertake appropriate competency checks prior to engaging a contractor. Contractors will be asked to provide risk assessments and method statements specific to the site and works to be undertaken. The academy, contractor(s) and any subcontractor(s) involved will agree the risk assessment and safe systems of work to be used prior to works commencing on site.

The Estate Manager is responsible for monitoring areas where the contractor's work may directly affect staff and pupils and for keeping records of all contractor work. The Estate Manager will also ensure that the specific client requirements of the Construction (Design & Management) Regulations 2007 have been complied with.

For full details relating to the control of contractors, reference should be made to the HSA07 CDM Arrangements Note.

### **Curriculum Activities**

Risk assessments for curriculum activities will be carried out by the relevant Heads of Department / Head of *School* using the appropriate Health & Safety Service's model risk assessments listed above.

Within science, *CLEAPSS Hazcards* and *Recipe Cards* are used as model risk assessments to manage the risks within practical activities. The specific controls adopted in these activities will be checked against these models and significant findings incorporated into schemes of work / lesson plan / technicians requisition sheets. (Please refer to the specific Science H&S policy for further details)

For full details relating to the higher risk curriculum areas, reference should be made to the HSA03, HSA11, HSA42 and HSA49 Arrangements Notes.

### **Coronavirus**

The Safety and Wellbeing of all staff, pupils and their families, visitors and contractors at Chulmleigh Academy Trust is of paramount importance. The Trusts COVID-19 Health and Safety procedures and risk assessments aims to set the academy expectations with regards to working arrangements during the pandemic, so together, we protect our community and follow current guidance and the necessary operations needed to ensure risk is minimised within the organisation.

**Display Screen Equipment (DSE)**

All staff who use computers daily for continuous spells of an hour or more, or a total daily time of 3 hours or more will have a DSE assessment carried out. This will be achieved by completing the OSHENS DSE online training and assessment.

Staff identified as DSE users are entitled to an eyesight test for DSE use every 2 years by a qualified optician and corrective glasses (if required specifically for DSE use) subject to a total cost of standard single vision spectacles

For full details relating to DSE, reference should be made to the HSA12 DSE Arrangements Note.

## **Fire Safety**

The Executive Headteacher is responsible for ensuring the academy's fire risk assessment is undertaken using the RAA08 document and controls implemented accordingly. The fire risk assessment is located in the SLT Office and is reviewed annually.

Fire and emergency evacuation procedures are detailed in the Fire Emergency Plan document which is located in the SLT Office and a summary Fire Action notice will be posted at the exit point of each room. These procedures will be reviewed along with the fire risk assessment and are made available to all staff as part of the school's induction process.

All staff will be briefed in the contents of the Fire Emergency Plan on an annual basis. This will be augmented by fire drills which will be undertaken termly and results recorded in the Fire Log book. Additional specific fire safety training will be undertaken as identified in the Fire Risk Assessment.

Evacuation procedures are also made known to all contractors / visitors.

Emergency contact and key holder details are held in reception

The Estate Manager is responsible for ensuring that the academy's Fire Log is kept up to date and that the following inspection / maintenance is undertaken:

- Dates of fire fighting equipment inspections and checks
- Dates and outcome of fire alarm system(s) inspections and checks
- Dates and outcome of emergency lighting system - records of tests
- Dates and outcome of visits by Devon & Somerset Fire & Rescue
- List of all fire training / instruction carried out
- Dates and outcome of fire drills

Procedures for other critical incidents and off-site emergencies are contained within the Academy's Emergency Management Plan which is located in reception and will be reviewed annually.

For full details relating to fire safety, reference should be made to the HSA18 Fire Safety Arrangements Note.

## **First Aid**

The school has risk assessed the need for first aid provision and this is recorded on the RAA09 risk assessment document. The following first aid provision has been provided accordingly throughout the Trust:

First Aid at Work level trained personnel:

Emergency First Aid at Work level personnel:

Paediatric First aid level personnel:

The Estates Manager will ensure that refresher training if needed, is organised to maintain competence and that new persons are trained should first aider trained staff leave.

First Aid boxes are made available throughout the buildings  
The Estate Manager is responsible for maintaining the contents of first aid boxes and replenishing stocks as necessary.

For full details relating to first aid, reference should be made to the HSA19 First Aid Arrangements Note.

### **Hazardous Substances**

Where it is consistent with the effective performance of the task in hand, every attempt will be made to choose the least harmful chemical possible.

Within curriculum areas Heads of Department are responsible for the safe use and storage of hazardous substances within their areas of control. Specifically, Heads of Department must ensure that an up to date inventory of hazardous substances and CLEAPSS model risk assessments are in place within their department. It shall be ensured that the findings of model risk assessments are incorporated into point-of-use documents within the In all other areas the responsible manager shall ensure that:

- an inventory of all hazardous substances used within their area of responsibility is compiled and kept up to date
- Material Safety Data Sheets (MSDS) are obtained from the relevant supplier for all such materials
- risk assessments are conducted and that these assessments are recorded and control measures are understood by those staff that are exposed to the product/substance. This will include the identification and provision of appropriate Personal Protective Equipment
- all chemicals are appropriately and securely stored out of the reach of children
- all chemicals are kept in their original packaging and never decanted into unmarked containers

For full details relating to the control of hazardous chemicals, reference should be made to the HSA10 COSHH Arrangements Note.

### **Legionella**

The arrangements for the management of legionella on the site are detailed in the Water Management Plan (WMP). This is located in Reception and main SLT office

A water risk assessment for the academy has been completed by Rock

Compliance for each site and the Estates Manager is responsible for ensuring that the identified operational controls are being conducted and recorded in the water hygiene log book. This risk assessment will be reviewed where significant changes have occurred to the water system.

For full details relating to the control of legionella, reference should be made to the HSA28 Legionella Arrangements Note.

### **Lettings/shared use of premises**

The Directors will ensure that the hirer/tenant has public liability insurance and will share with the hirer/tenant all relevant Academy health and safety information. The hirer/tenant will be required to provide a copy of their risk assessment where their activities present a significant hazard either to the building itself or to the safety or health of the occupants within it.

### **Maintenance of Plant and Equipment**

Regular inspection and testing of school equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept by the Estate Manager. All staff are required to report any problems found with plant/equipment to the responsible manager. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair / disposal.

The following specific statutory inspections and tests will be undertaken by Zurich engineers:

- 6 monthly lift Thorough Examination
- Pressure Vessel Thorough Examination according to a Written Scheme
- Annual gas tightness test by a gas safe engineer

The Estates Manager is responsible for identifying all plant and equipment in an equipment register for their area of responsibility. Where such plant and equipment present significant hazards, risk assessments will be undertaken and any training needs and personal protective equipment requirements are provided.

### **Electrical Safety**

All staff will conduct a visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to the Estate Manager

All portable items of electrical equipment will be subject to formal inspection annually.

The Estate Manager is responsible for keeping an up-to-date inventory of all relevant electrical appliances within their areas of responsibility and for ensuring that all equipment is inspected and where appropriate tested according to the frequencies set out above.

Personal items of equipment should not be brought into the academy without prior authorisation and must be subjected to the same inspection process as academy-owned equipment.

An electrical installation test will be conducted by an approved contractor every 5 years. The Estate Manager is responsible for arranging the remedial actions for all Code 1 and 2 non-compliances identified in the report.

For full details relating to work equipment and electrical safety, reference should be made to the HSA16 and HSA58 Arrangements Notes.

### **Medication Arrangements**

Pupils will be encouraged to self-administer medications wherever this is appropriate. Nevertheless, the academy will, at the request of the parent / carer and with the consent of the Executive Headteacher, administer medication prescribed by a doctor.

In circumstances when a pupil suffers headaches, menstrual pains or toothache, staff may be asked to provide a mild analgesic to relieve pain. Only analgesics containing paracetamol will be given to children under the age of 16 when parents have given *prior written permission*. On no account will aspirin, or preparations containing aspirin, or medicines containing ibuprofen, be given to pupils unless prescribed by a doctor.

No member of staff will administer any medication unless a request form has been completed by the parent / carer.

The SENDCO or a nominated person is responsible for accepting medication and checking all relevant information has been provided by parents / carers prior to administering. All administration undertaken by academy staff will be recorded. Records of administration will be kept in a locked cabinet in the First Aid room.. Where required, training will be undertaken by staff to administer specific medications.

All non-emergency medication kept in school is securely stored in a locked cabinet with access strictly controlled. Where children need to have immediate access to emergency medication i.e. asthma inhalers, epi-pens, etc., it will be kept in a specified and notified area and clearly labelled.

For full details relating to the administration of medication, reference should be made to the HSA32 Medication Arrangements Note.

### **Monitoring**

The Executive Headteacher, assisted by the Estates Manager, will put in place procedures to monitor compliance with the arrangements described in

this policy. The central component of this process is the 3 yearly Health & Safety Review process undertaken by the Health & Safety Service. Feedback from this process is to be referred to the Directors

A general inspection of the site will be conducted termly and be undertaken by premises staff. Inspections of individual departments will be carried out by Heads of Department/Heads of School or nominated staff.

In both cases the person(s) undertaking inspection will complete a report in writing and submit this to the Estates Manager and SLT. Responsibility for following up items detailed in the safety inspection report will rest with Estates Manager.

For full details relating to monitoring, reference should be made to the HSA05 Audit & Monitoring Arrangements Note.

### **Moving and Handling**

Generic risk assessments for regular manual handling operations are undertaken as described in the risk assessment section above. Staff engaged in these activities will be provided with information on safe moving and handling techniques and will receive specific training where the need is identified in the risk assessment.

All manual handling activities which present a significant hazard, which are not accounted for in the generic risk assessments described above, will be reported to the Estates Manager. Where such activities cannot be avoided, a specific risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees who must follow the instructions given when carrying out the task. Staff should ensure that they do not lift heavy items unless they have received a briefing on the control measures in place.

All moving and handling of pupils will be risk assessed by the SEN department and Estates Manager and recorded in a specific Handling Plan for the individual concerned. The format found in the HSA0035 Arrangements Note will be used. All staff who move and handle pupils will receive appropriate training both in the controls listed in the Handling Plan and specific training on any lifting equipment that they may be required to use. Equipment for moving and handling people is subject to inspection on a 6 monthly basis by the supplying company

For full details relating to moving and handling, reference should be made to the HSA34/35 Moving and Handling Arrangements Notes.

### **Offsite Visits**

The Academy has adopted the current Devon County Council (DCC) and Torbay document Outdoor Education, Visits and Off-site Activities Health & Safety Policy as its own policy.

Chulmleigh Academy Trust has local arrangements for offsite visits. These are detailed in the separate Management of Outdoor Education, Educational Visits Policy and Standard Operating Procedures which are reviewed annually. A copy of these documents can be found in staff resources.

### **Personal Safety and Security**

The academy believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to its staff. A separate specific behaviour policy is in place at the Academy.

Staff will report any such incidents on the OSHENS system in accordance with agreed accident/incident reporting procedures.

Working alone will be avoided wherever possible. Work carried out unaccompanied or without immediate access to assistance will be risk assessed by the relevant line manager in order to identify and implement control measures.

Staff working outside normal school hours must obtain permission of the Executive Headteacher or Head of School.

The requirement to undertake a lone working risk assessment will also extend to working alone off-site where staff conduct home visits.

Risk assessments will be reviewed annually or after significant change and recorded by amending the RAA13 risk assessment document.

#### *Academy Security*

The Estates Manager is responsible for undertaking a risk assessment for site security in order to identify and implement control measures in this area. This will be reviewed annually or after significant change and recorded by amending the RAA24 risk assessment.

For full details relating to security and lone working issues, reference should be made to the HSA31 Lone Working and HSA50 Security Arrangements Notes.

### **Radioactive Sources**

The Academy has adopted the CLEAPSS guidance L93 '*Managing Ionising Radiations and Radioactive Substances in Schools & Colleges*' as its policy

arrangements for the use of radioactive sources. The separate Standard Operating Procedures outline the precise procedures to be followed.

- CLEAPSS provide the Radiation Protection Adviser (RPA). The name and contact details are contained within the Standard Operating Procedures document
- The Health & Safety Service provide the Radiation Protection Officer role and contact details are contained within the Standard Operating Procedures document
- The Trust have a nominated Radiation Protection Supervisor (RPS). The RPS is responsible for ensuring that the Use Log is kept up to date and, where required, leak tests are conducted and recorded annually in the relevant Source History

For full details relating to the safe use of radioactive sources, reference should be made to the L93 '*Managing Ionising Radiations and Radioactive Substances in Schools & Colleges*' document.

**Radon Gas** The academy is located in a radon affected area as defined by Public Health England (PHE). Consequently, radon gas levels will be measured on a 7-10 year cycle and detectors returned to PHE for analysis.

If levels are below the 100 Bq/m<sup>3</sup> target level threshold, this process of measurement will continue. If readings exceed the 200 Bq/m<sup>3</sup> action level threshold a Radiation Protection Adviser (RPA) may be engaged and a risk assessment of staff exposure undertaken in consultation with the RPA. Based upon the findings of this assessment, suitable mitigation systems will be identified and installed to reduce the radon level to below 100 Bq/m<sup>3</sup>. These systems will be maintained.

### **Stress/Wellbeing**

The Academy is committed to promoting high levels of health and well being and recognises the importance of identifying and reducing workplace stressors through risk assessment in line with the HSE's management standards.

Where appropriate, risk assessment findings will be recorded on the RAA25 document.

For full details relating to staff wellbeing, reference should be made to the HSA24 Health Issues for Staff Arrangements Note.

### **Tree Safety Management**

The academy will ensure that formal tree inspections are undertaken for trees which present a significant risk because of their age, condition or proximity to

pedestrian routes or busy areas. The academy will also arrange for an inspection following severe weather conditions.

Where the tree inspection process makes recommendations for remedial actions, the academy will implement them as described.

Records of tree inspections and associated remedial works are kept on site.

### **Work at Height**

Work at height will be avoided wherever possible. Work carried out at height where a significant injury could result will be risk assessed by the relevant line manager in order to identify and implement control measures. Staff who work at height will be briefed in risk assessment findings. When working at height (including accessing storage or putting up displays) appropriate stepladders or kick stools are to be used. Staff *must not* climb onto tables and chairs etc.

Formal training on work at height will be undertaken where the need is identified in the work at height risk assessment. Such training will also be undertaken by those who line manage staff who work at height. The Academy's nominated person responsible for work at height is the Estate Manager.

The nominated person(s) shall ensure:

- all work at height is risk assessed and properly planned and organised
- all those involved in work at height are trained and competent to do so
- the use of access equipment is restricted to authorised users
- a register of access equipment is maintained and all equipment is regularly inspected and maintained
- access to fragile surfaces is not allowed without consulting the Executive Headteacher and Estates Manager

For full details relating to the control of work at height, reference should be made to the HSA60 Work at Height Arrangements Note.

If the Academy *hosts* a work experience placement, any significant hazards within the planned work tasks will be risk assessed by the host employer and findings will be communicated to the pupil and their parents/guardians. This assessment will be recorded on the RAA28 risk assessment document.

### **Workplace safety**

The Estates Manager is responsible for undertaking a risk assessment for general sites and buildings safety in order to identify and implement control measures for the following site workplace hazards:

- Slips, trips and falls
- Glazing
- Trees

- Waste storage and disposal
- Vehicle/pedestrian conflict
- Vehicle operation

This will be reviewed annually or after significant change and recorded by amending the RAA03 risk assessment document.

For full details relating to the control of hazards within the premises, reference should be made to the HSA44 Premises Arrangements Note.
